

COMPACT - CKE

espresso coffee machine
Isselbaecher
COMPACT-CKE

Dimensions : 320 x 440 x 450 mm
connection : 1,3 kW - 230/1/50

capacity :
- 1 brewing group
- steam and hot water tapping operation
- direct water connection or manuel container fill
- pressure display by manometer
- dosation programmable

execution : housing s/s
ABS/black

Perla AEP/1 JUNIOR

espresso coffee machine
Isselbaecher
Perla AEP/1 JUNIOR

Dimensions : 410 x 565 x 560 mm
connection : 2,4 kW - 230/1/50-60

semi automatic coffee machine
capacity : 5 ltrs.
- 1 brewing group
- steam and hot water tapping operation
- pressure display by manometer
- manual dosation
- coffee distribution by switch

accessories : decalcifier

execution : red laquered

Perla SAE/1 JUNIOR

espresso coffee machine
Isselbaecher
Perla SAE/1 JUNIOR

Dimensions : 410 x 565 x 560 mm
connection : 2,4 kW - 230/1/50-60

automatic espresso machine

capacity : 5 ltrs.
- 1 brewing group
- steam and hot water tapping operation
- pressure indicate by double manometer
- electronic dosation
- coffee- distribution by means of dosation
accessories :
- automatic water filling
- water softener

execution : red laquered

Gloria AL/1

espresso coffee machine
Isselbaecher
Gloria AL/1

Dimensions : 590 x 560 x 580 mm
connection : 2,4 kW - 230/1/50-60

manual (lever machine)
capacity :
- 1 brewing group
- steam and hot water tapping operation
- pressure display by manometer
- coffee distribution by means of lever

execution : black/chrome

Gloria AL/2 	espresso coffee machine Isselbaecher Gloria AL/2 Dimensions : 800 x 560 x 580 mm connection : 2,6 kW - 230/1/50-60 manual (lever machine) capacity : - 2 brewing groups - steam and hot water tapping operation - pressure display by manometer - coffee distribution by means of lever execution : black/chrome
Gloria AL/3 	espresso coffee machine Isselbaecher Gloria AL/3 Dimensions : 1040 x 560 x 580 mm connection : 5,56 kW - 400/3/50-60 manual (lever machine) capacity : - 3 piston assemblies - steam and hot water tapping operation - pressure display by manometer - coffee distribution by means of lever execution : black/chrome
Gloria AL/4 	espresso coffee machine Isselbaecher Gloria AL 4 Dimensions : 1280 x 560 x 580 mm connection : 6,6 KW - 400/3/50-60 manual (lever machine) capacity : - 4 piston assemblies - steam and hot water tapping operation - pressure display by manometer - coffee distribution by means of lever execution : black/chrome
Gloria AEP/1 	espresso coffee machine Isselbaecher Gloria AEP/1 Dimensions : 590 x 560 x 580 mm connection : 2,4 kW - 230/1/50-60 semi automatic coffee machine capacity : 6 ltrs. - 1 brewing group - steam and hot water tapping operation - pressure indicate by double manometer - manual dosation - coffee distribution by switch - automatic water filling accessories : decalcifier execution : black/chrome
Gloria AEP/2 	espresso coffee machine Isselbaecher Gloria AEP/2 Dimensions : 800 x 560 x 580 mm connection : 2,55 kW - 230/1/50-60 semi automatic coffee machine capacity : 10,5 ltrs. - 2 brewing groups - steam and hot water tapping operation - pressure indicate by double manometer - manual dosation - coffee distribution by switch - automatic water filling accessories : decalcifier

	execution : black/chrome
Gloria AEP/3 	espresso coffee machine Isselbaecher Gloria AEP/3 Dimensions : 1040 x 560 x 580 mm connection : 5,56 kW - 400/3/50-60 semi automatic coffee machine capacity : 17 ltrs. - 3 piston assemblies - steam and hot water tapping operation - pressure indicate by double manometer - manual dosation - coffee distribution by switch - automatic water filling accessories : decalcifier execution : black/chrome
Gloria AEP/4 	espresso coffee machine Isselbaecher Gloria AEP/4 Dimensions : 1280 x 560 x 580 mm connection : 6,6 KW - 400/3/50-60 semi automatic coffee machine capacity : 23 Ltrs. - 4 piston assemblies - steam and hot water tapping operation - pressure indicate by double manometer - manual dosation - coffee distribution by switch - automatic water filling accessories : decalcifier execution : black/chrome
Gloria SAE/1 	espresso coffee machine Isselbaecher Gloria SAE/1 Dimensions : 590 x 560 x 580 mm connection : 2,4 kW - 230/1/50-60 automatic espresso machine capacity : 6 ltrs. - 1 brewing group - steam and hot water tapping operation - pressure display by manometer - push buttons for 6 different doses - individual coffee dosation for each group programmable - automatic water filling accessories : decalcifier execution : black/chrome
Gloria SAE/2 	espresso coffee machine Isselbaecher Gloria SAE/2 Dimensions : 800 x 560 x 580 mm connection : 2,55 kW - 230/1/50-60 automatic espresso machine capacity : 10,5 ltrs. - 2 brewing groups - steam and hot water tapping operation - pressure display by manometer - push buttons for 6 different doses - individual coffee dosation for each group programmable - automatic water filling - eletronic cup warmer

	accessories : decalcifier execution : black/chrome
Gloria SAE/3 	espresso coffee machine Isselbaecher Gloria SAE/3 Dimensions : 1040 x 560 x 580 mm connection : 5,56 kW - 400/3/50-60 automatic espresso machine capacity : 17 ltrs. - 3 piston assemblies - steam and hot water tapping operation - pressure display by manometer - push buttons for 6 different doses - individual coffee dosation for each group programmable - automatic water filling - eletronic cup warmer accessories : decalcifier execution : black/chrome
Gloria SAE/4 	espresso coffee machine Isselbaecher Gloria SAE/4 Dimensions : 1280 x 560 x 580 mm connection : 6,6 KW - 400/3/50-60 automatic espresso machine capacity : 23 ltrs. - 4 piston assemblies - steam and hot water tapping operation - pressure display by manometer - push buttons for 6 different doses - individual coffee dosation for each group programmable - automatic water filling - eletronic cup warmer accessories : decalcifier execution : black/chrome
