

roll-in refrigerator

Isselbaecher
kitchen equipment GmbH

Roll-IN 1PM TN 	roll-in refrigerator Isselbaecher ROLL-IN 1PM TN Dimensions : 900 x 1062 x 2240 mm connection : 0,52 kW - 230/1/50 GN 2/1 temperature range : +2/+10°C with thermostatic control, 1 pc. housing 1 door with handle, hinged at right hand side, cooling machine upper section, circulated air evaporator with automatic defrosting, incl. thaw water collecting pan for manual discharge, execution: interior and exterior stainless steel
Roll-IN 1P TN 	roll-in refrigerator Isselbaecher ROLL-IN 1P TN Dimensions : 880 x 940 x 2180 mm connection : 0,52 kW - 230/1/50 GN 2/1 temperature range : +2/+10°C with thermostatic control, 1 door with handle, hinged at right hand side, cooling machine upper section, circulated air evaporator with automatic defrosting, incl. thaw water collecting pan for manual discharge, execution: interior and exterior stainless steel
Roll-IN 1PV TN 	roll-in refrigerator Isselbaecher ROLL-IN 1PV TN Dimensions : 880 x 940 x 2180 mm connection : 0,56 kW - 230/1/50 GN 2/1 temperature range : +2/+10°C with thermostatic control, 1 glass door with handle hinged at right hand side, cooling machine upper section, circulated air evaporator with automatic defrosting, incl. thaw water collecting pan for manual discharge, execution: interior and exterior stainless steel
Roll-IN 2P TN 	roll-in refrigerator Isselbaecher ROLL-IN 2P TN Dimensions : 1760 x 940 x 2180 mm connection : 1,33 kW - 230/1/50 GN 2/1 temperature range : +2/+10°C with thermostatic control, 2 doors with handle cooling machine upper section, circulated air evaporator with automatic defrosting, incl. thaw water collecting pan for manual discharge, execution: interior and exterior stainless steel

Roll-In 2PV TN

roll-in refrigerator
Isselbaecher
ROLL-IN 2PV TN

Dimensions : 1760 x 940 x 2180 mm
connection : 1,43 kW - 230/1/50

GN 2/1
temperature range : +2/+10°C
with thermostatic control,
with 2 glass doors with handle at
front side
cooling machine upper section, circulated air
evaporator with automatic defrosting,
incl. thaw water collecting pan for
manual discharge,

execution: interior and exterior
stainless steel
