<p>MH-2200-3800</p> 	<p>exhaust hood (centre type) in 2 parts Isselbaecher</p> <p>Dimensions : 3800 x 2200 x 500 mm connection : 0,24 kW - 220/1/50</p> <p>hood housing with ambient grease-collecting channel and drain cock incl. lighting, grease filter plates and suspension for connection to (at site) exhaust system</p> <p>execution : stainless steel</p>

exhaust hood

<p>MH-2200-4000</p> 	<p>exhaust hood (centre type) in 4 parts Isselbaecher</p> <p>Dimensions : 4000 x 2200 x 500 mm connection : 0,24 kW - 220/1/50</p> <p>hood housing with ambient grease-collecting channel and drain cock incl. lighting, grease filter plates and suspension for connection to (at site) exhaust system</p> <p>execution : stainless steel</p>
<p>MH-2200-4200</p> 	<p>exhaust hood (centre type) in 4 parts Isselbaecher</p> <p>Dimensions : 4200 x 2200 x 500 mm connection : 0,24 kW - 220/1/50</p> <p>hood housing with ambient grease-collecting channel and drain cock incl. lighting, grease filter plates and suspension for connection to (at site) exhaust system</p> <p>execution : stainless steel</p>
<p>MH-2200-4400</p> 	<p>exhaust hood (centre type) in 4 parts Isselbaecher</p> <p>Dimensions : 4400 x 2200 x 500 mm connection : 0,24 kW - 220/1/50</p> <p>hood housing with ambient grease-collecting channel and drain cock incl. lighting, grease filter plates and suspension for connection to (at site) exhaust system</p> <p>execution : stainless steel</p>
<p>MH-2200-4600</p> 	<p>exhaust hood (centre type) in 4 parts Isselbaecher</p> <p>Dimensions : 4600 x 2200 x 500 mm connection : 0,24 kW - 220/1/50</p> <p>hood housing with ambient grease-collecting channel and drain cock incl. lighting, grease filter plates and suspension for connection to (at site) exhaust system</p> <p>execution : stainless steel</p>
<p>MH-2200-4800</p> 	<p>exhaust hood (centre type) in 4 parts Isselbaecher</p> <p>Dimensions : 4800 x 2200 x 500 mm connection : 0,24 kW - 220/1/50</p> <p>hood housing with ambient grease-collecting channel and drain cock incl. lighting, grease filter plates and suspension for connection to (at site) exhaust system</p> <p>execution : stainless steel</p>

exhaust hood

<p>MH-2200-5000</p> 	<p>exhaust hood (centre type) in 4 parts Isselbaecher</p> <p>Dimensions : 5000 x 2200 x 500 mm connection : 0,24 kW - 220/1/50</p> <p>hood housing with ambient grease-collecting channel and drain cock incl. lighting, grease filter plates and suspension for connection to (at site) exhaust system</p> <p>execution : stainless steel</p>
<p>MH-2200-5200</p> 	<p>exhaust hood (centre type) in 4 parts Isselbaecher</p> <p>Dimensions : 5200 x 2200 x 500 mm connection : 0,36 kW - 220/1/50</p> <p>hood housing with ambient grease-collecting channel and drain cock incl. lighting, grease filter plates and suspension for connection to (at site) exhaust system</p> <p>execution : stainless steel</p>
<p>MH-2200-5400</p> 	<p>exhaust hood (centre type) in 4 parts Isselbaecher</p> <p>Dimensions : 5400 x 2200 x 500 mm connection : 0,36 kW - 220/1/50</p> <p>hood housing with ambient grease-collecting channel and drain cock incl. lighting, grease filter plates and suspension for connection to (at site) exhaust system</p> <p>execution : stainless steel</p>
<p>MH-2200-5600</p> 	<p>exhaust hood (centre type) in 4 parts Isselbaecher</p> <p>Dimensions : 5600 x 2200 x 500 mm connection : 0,36 kW - 220/1/50</p> <p>hood housing with ambient grease-collecting channel and drain cock incl. lighting, grease filter plates and suspension for connection to (at site) exhaust system</p> <p>execution : stainless steel</p>
<p>MH-2200-5800</p> 	<p>exhaust hood (centre type) in 4 parts Isselbaecher</p> <p>Dimensions : 5800 x 2200 x 500 mm connection : 0,36 kW - 220/1/50</p> <p>hood housing with ambient grease-collecting channel and drain cock incl. lighting, grease filter plates and suspension for connection to (at site) exhaust system</p> <p>execution : stainless steel</p>

MH-2200-6000

exhaust hood (centre type) in 4 parts
Isselbaecher

Dimensions : 6000 x 2200 x 500 mm
connection : 0,36 kW - 220/1/50

hood housing with ambient grease-
collecting channel and drain cock
incl. lighting, grease filter plates
and suspension
for connection to (at site)
exhaust system

execution : stainless steel
